

Moscow Pedagogical State University / Russian Institute for Advanced Study (RIAS-MPSU)

CALL FOR APPLICATIONS 2018

**MPSU Postdoctoral Fellowships in Humanities 2018,
Moscow**

Dear colleagues,

The **Russian Institute for Advanced Study (RIAS)** Fellowship Programme is an international researcher mobility programme offering 3, 6 and 8-month stay in RIAS-MPSU (Moscow, Russia). The Institute for Advanced Study supports the determined, self-directed work of the researchers from all over the world. The fellows working in international multidisciplinary scientific community get a unique opportunity for advanced study in the finest research conditions in a comfortable RIAS campus. The scholars also benefit from all the MPSU facilities, one of the biggest Russian pedagogical universities, including the best Russian libraries in the field of humanities, opportunity of collaboration with wide range of the Russian scientists from different Russian scientific institutions.

RIAS Fellowships are offered mainly in the fields of the humanities and social sciences. At the same time these grants may be provided to the scholars in life and exact sciences if only their research project does not require special laboratory facilities and that it interfaces with the humanities and social sciences. The Programme welcomes applications worldwide from young scholars (postdoc) as well as from leading senior researchers. In order to match the Programme standards, we recommend the applicants to submit a research proposal which demonstrates a multidisciplinary scientific approach and publications potential in high-impact scientific magazines.

For the 2018 academic year most preferable applications will be selected from the following scientific areas:

- **Interdisciplinary research in the field of social sciences and humanities**, including institutional analysis, political and economic research, research on processes of creation of personal and group identity, social communications research, integrated political, legislative, social, economic and historical research; Russian education system, social security in constitutional state; self-determination and socialization of persons with mental retardation;
