

The Faculty of International Educational Programs (FIEP) of Kazan National Research Technological University announces the enrolment for the new academic year 2021-2022 for studying «Russian as a Foreign Language» for students who want to study Russian language and continue their studies in the university afterwards.

Education will take place in the following fields: humanitarian, biomedical, engineering, economic, natural science. Students who complete the pre-university program will receive a certificate that will allow them to enter higher educational programs in Russia.

All students are provided with a dormitory for the duration of their studies.

Also, upon arrival in Russia, foreign citizens should get a medical insurance.

- Duration of study - 10 months
- Pre-university program costs 102,000 rubles
- Dormitory costs from 8000 rubles per year
- Medical insurance - 5000 rubles per year
- Visa extension costs 1600 rubles.

If you want to apply, you will need to:

- 1) fill in an [application](#)
- 2) send the first page of your passport

You can send these documents to the following email address: **fmop@kstu.ru** with the subject "I want to learn Russian."

If the situation with COVID-19 does not return to normal, students will start learning online through a special platform which is called Moodle. When students arrive in Russia, they will continue their studies at the university.
